Prices are subject to VAT in force at the time of invoicing. (In 2021, VAT will be 24%.)

Please note that the structures, furniture, equipment, electricity, internet connection, lighting, department insurance and cleaning of the exhibition are not included in the rent of the venue but must be ordered separately from the partners.

Cancellation Policy: The registration fee paid when renting a seat is non-refundable upon cancellation.

Not even if the exhibition has to be canceled by the organizer.

Half of the rents canceled after 10.12.2021 will be refunded.

For departments canceled after 9.1.2022, the rent for the place will not be refunded.

Invoicing for registration fee and seat rental: The payment term is 14 days net. The registration fee and seat rental will be billed in one installment within approximately two weeks of booking the seat. However,

no invoicing will be made in July. Participation in the event requires that the registration fee and full seat rental have been paid prior to the show.

Membership benefit: For member companies of the Finnish Road Association, the booking price of a maximum of 199 m² of exhibition space includes one seminar pass with a name for an international seminar free of charge (value € 520 + VAT). For member companies of the Finnish Road Association, bookers with a space of at least 200 m² include two named seminar passes free of charge. For member companies of the Finnish Road Association, bookers with a space of at least 300 m² include three seminar badges with a name free of charge. Membership benefit only applies to exhibiting companies that have an interior department in the name of the member company. In the case of joint stands, the membership benefit applies only to the main exhibitor. (main exhibitor = billable party.)

Seminar tickets: As an exhibitor, you have the opportunity to purchase seminar passes at a discounted price. Ask for an offer from events@tieyhdistys.fi. The international seminar will be held on Wednesday, February 9, 2022 and Thursday, February 10, 2022. A more detailed schedule and program of the seminar will be announced in the autumn of 2021. The event will also host e.g. student event and Private Roads Winter Day. Follow the event's website.

Työnäytös: Suuren suosion saavuttanut työnäytös kruunaa Tiepäivät. Koneet ja laitteet kuskeineen esittelevät osaamistaan tositoimissa! Arvovaltainen asiantuntijaraati arvioi ja palkitsee parhaat työsuoritukset. Arvostelulautakunta valitsee tehtävät koesuoritukseen osallistuvien koneiden ja säätilanteen perustella. Ilmoita varatessasi näyttelytilaa, että haluatte osallistua työnäytökseen ja kerro mikä on työsuorite, jota haluatte esitellä. Työnäytökseen voi ilmoittautua vuoden 2021 loppuun mennessä. Ohjeet työnäytökseen osallistujille julkaistaan syksyllä 2021 ja toimitetaan työnäytökseen ilmoittautuneille. *Huomioithan, että koneita ei ole mahdollista siirtää näyttelytilan ja työnäytöksen välillä, vaan työnäytökseen tulee tuoda erilliset koneet.*

Working machine demonstrations: The popular demonstrations crown the Road Congress. Machines and equipment with drivers show their skills in real action! A prestigious panel of experts evaluates and rewards the best work performance. The judging panel selects the tasks based on the machines participating in the demonstration and the weather situation. When booking the exhibition space, state that you would like to take part in the work show and tell us what work you want to present. You can register for the demonstrations by the end of 2021. Instructions for participants will be published later in 2021 and delivered to those who have registered for the demonstrations. Please note that it is not possible to move the machines between the exhibition space and the demonstrations area for safety reasons.

Book an exhibition place now! When booking a place, you will be served by Liisa-Maija Thompson, tel. +358 40 567 4999. You can also send an email to events@tieyhdistys.fi or fill in the form on the website.

The height of the stands is limited to 2.5 meters and structures higher than this are recommended only when bounded by a wall. (However, the tall structure cannot be hung on the wall on the main entrance side of Hall A, but the structure can be built from the ground up.) If the structure of the stand is higher than 2.5 m, it must be approved by the neighboring departments and the exhibition organizer. When designing a wall structure, keep in mind that on Road Congress, many exhibitors choose an open stand structure without walls. So make sure that your own wall is beautiful to look at from the back as well.

At the end of October, we will provide more information on ordering departments and other services. At the same time, we provide exhibitors with a link through which you can handle the orders you need.
